

## TRY GEOCACHING WHILE HIKING!

### WHAT IS GEOCACHING?

It's a real-world, outdoor treasure hunting game using GPS-enabled devices. Participants navigate to a specific set of GPS coordinates and then attempt to find the geocache hidden at that location.

### HOW IS THE GAME PLAYED?

1. Register for a free basic membership at [www.geocaching.com](http://www.geocaching.com).
2. Visit the "Hide & Seek a cache" page.
3. Enter the postal code in which you want to explore and click "search".
4. Choose any geocache from the list and click on its name.
5. Enter the coordinates of the geocache into your smart phone app or GPS device. Use it to find the hidden geocache.
6. In the geocache there will be a logbook. Sign it and return the geocache to its original location.
7. Share your geocaching stories and photos online

### WHAT ARE THE RULES?

1. If you take something from the geocache, leave something of equal or greater value
2. Write about your find in the cache logbook
3. Log your experience at [www.geocaching.com](http://www.geocaching.com)

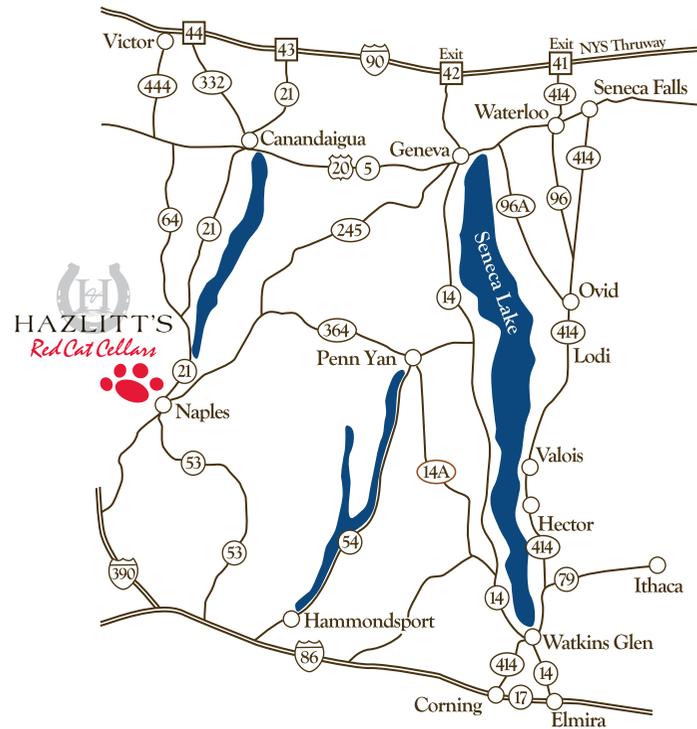

### WHAT DO I NEED?

The only necessities are a GPS device or a GPS-enabled mobile phone, so that you can navigate to the cache, and a geocaching membership.

### WHERE ARE GEOCACHES LOCATED?

Caches can be found all over the world. It's common for geocachers to hide caches in locations that are important to them, reflecting a special interest or skill of the cache owner. These locations can be quite diverse. They may be at your local park, at the end of a long hike, underwater, or on the side of a city street.

# Red Cat Cellars HIKING TRAIL OVERVIEW

Hiking in the Finger Lakes Region is a beautiful and educational experience. Step onto the hillside at Hazlitt's Red Cat Cellars and you will find yourself standing in old abandoned vineyards on the site that once was the storied and historic Widmer Wine Cellars.

Please be sure to stop at the wine and gift shop for some local knowledge before you start. There, you will also be able to purchase water and snacks for your hike. The trail is beautiful, invigorating and has great natural scenery. The uneven ground along with steep inclines call for decent hiking shoes and appropriate attire. Leave the flip-flops and bathing suits in the car. Bring your camera as there are some great views. Please stay on the marked trail and be sure to keep a watchful eye out for poison ivy. Please do not attempt to feed the animals. They are best viewed at a safe distance.

...Happy Trails!

In the late 1800's the woodland area was cleared and John Jacob Widmer planted his first vines.
